The student, the major advisor, and a professor from the secondary area will define this individualized component of the DMA course of study by the end of the first year of study. A contract listing the required coursework or other specific outcomes will be filed with the student's records in the Academic Office. The required coursework will include a minimum of six semester hours. These hours may not include any courses required to fulfill other degree requirements. The student's Comprehensive Examination committee will include a secondary area advisor, who will provide questions pertaining to the secondary area.

Possible secondary areas include conducting, music education, jazz studies, theory, music history, or a secondary applied area. Secondary areas may not be specialized areas of the primary performance/pedagogy or conducting area.
