Parent Waiver - Private Lessons

This form is only required for parents who are not going to remain in the studio or just outside the studio door during the minor’s lesson.

As the parent/guardian of _______________________________________ (name of student “Student”), a minor receiving individualized music instruction at the University of Iowa School of Music, I understand that my child may be in a room alone with an adult instructor.

The University has conducted background checks for all of its instructors, and diligently sought to minimize the instances of unsupervised contact in accordance with its policies. However, the nature of individualized music lessons is such that one-to-one sessions may be unavoidable. In addition, neither the instructor nor others at the University of Iowa supervises the Student while the Student is waiting for the lesson to begin, after the lesson is over, or during the lesson if the Student leaves the lesson for a break or otherwise.

By signing below, I hereby acknowledge my awareness and understanding that my child may be alone with an adult instructor, and give my consent. I also acknowledge my awareness and understanding that I am leaving Student unsupervised before and after the lesson, and during any break the Student might take from the lesson.
